

ONE FAMILY

(words and music by Anthony Bastianon)

Have you ever seen
A child hold her father's hand
Holding it close, making sure not to let go
Have you ever seen
A child reach for his mother's face
For a kiss and a hug that says I love you so

A little hand reaches out
A father's hand gently holds
Little eyes looking up
A mother's smile always knows
There is a bond that can't be seen
There is a love that always grows

O God, open my mind, fill my heart
Give me the courage to stay with my child

I will stand with you
We are together
I will pray with you
We are stronger
United by faith
God will bring us grace
One family we will be

Have you ever heard
The innocent cry of one so small
A touch is all you need to bring him calm
Have you ever heard
A thousand questions that need to know
With a thousand answers, watch her grow

O God, in your love, keep us all one
I pray to you, your will be done

I will stand with you
We are together
I will pray with you

We are stronger
United by faith
God will bring us grace
One family we will be
